Hi everyone! My name is Emi Darquea and I am this year's VP of Philanthropy. Because I am originally from Ecuador, the concept of greek life was very foreign to me. The panhellenic association has become an integral part of my life because it has helped me find my sense of belonging at UM. I feel like my role as VP Philanthropy does not only embody what my dreams are but to also help myself grow as a leader and an individual. I am so excited to be a part of this executive board.

PLAM,
Emi Darquea
